Volunteer Experience

Coordinator

SJB Institute of Technology

Organized and coordinated a 24 hour hackathon held in February, 2018 where 100 students from different colleges in Bangalore participated.

Accomplishments

- Won First place in a Python code jamming event held at SJBIT.
- Participated in Hackman, a 24 hour hackathon at DSCE, Bangalore.
- Secured 100% in Computer Science in the II Pre-University board examination.

Projects

Art Gallery Website

This project demonstrates an art gallery's portfolio inventory page for both buyers and sellers along with how the art is inventoried using a database (MySQL). The UI was made using Bootstrap and the back-end was written in PHP.

Logo Quiz App

This is a simple Logo Quiz iOS app made using Swift. The UI designing was done using Sketch.
